

On-Demand Concentric Vent Components

- For indoor concentric venting models: 305, 505
- These models incorporate a condensate collector and do not require an “adapter” vent component.
- Plastic vent components consist of an outer plastic vent for the air intake and an inner metal vent for the exhaust gases.

Refer to the installation manual and the Ubbink installation instructions for complete installation details and requirements.

We are continually updating and improving products; therefore, specifications are subject to change without prior notice. Local, state, provincial and federal codes must be adhered to prior to installation.

Vertical Venting Material

Roof Discharge Terminal
(Cold Climate)
38" (above roof)
Part No. 6911039

Roof Discharge Terminal
18" (above roof)
Part No. 6911038

Roof Flashing

Roof Pitch	Part Number
1/12 to 6/12	6911042
6/12 to 12/12	6911043
8/12 to 16/12	6911044

Flat Roof Flashing
Part No. 6911041

Horizontal Venting Material

Horizontal Termination Kit - 21"
Part No. 6911061

Horizontal Termination Kit - 12"
Part No. 6911034

Bends and Extensions

90° Vent Pipe Elbow
Part No. 6911046

Condensate Collector
Part No. 6911051

Telescopic Vent Extension
Part No. 6911050

Vent Pipe Clamp
Part No. 6911052

* Included with Roof Discharge Terminals

Vent Pipe Extension

Length "L"	Part Number
10"	6911047
19.5"	6911048
39"	6911049

45° Vent Pipe Elbow (Qty. 2)
Part No. 6911045
